You'll never forget your first time...reading *Forever*, Judy Blume's groundbreaking novel about teen sexuality, as an ebook. Although they haven't been together all that long, they know it's serious. A whole world opens up as young passion and sexuality bloom. Is this the love of a lifetime, or the very beginning of a lifetime of love? McKenna I've always had a thing for my best friend's older brother. In fact, I've been planning our wedding since elementary school. Then I grew up, moved away, and studying, and law school became my only focus. Now that I'm back, the sexy cowboy is everywhere I turn. I shouldn't mind so much as Rip Callahan is all levels of fine. My problem? His presence... his attention is sending me in a spin. And our reconnection? It's fast and intense and everything I've ever dreamed of. So why am I getting in my own way? Rip I didn't know the first kiss I ever had would still play on my mind over ten years later. But with beauty and brains, McKenna Dawson is under my skin and very much off-limits. Crushing on my sister's best friend isn't the worst part. That connection? I can't ignore it. Should I fight it? Probably. Do I want to? Absolutely not. A challenge among friends is all it takes for me to know she's what I've been missing. That and one incredible trip with those same friends means there's no going back. Not for me. It was only supposed to be a weekend, but maybe we were meant to be forever after all. But there was a reason these objects had been buried so long ago: if they are left in the open for any length of time the forces that emanate start to combine—and Bad Things start to happen. Dinosaurs come to battle dragons, and 747s eclipse the Moon—and that's just for starters. So it is that our heroes must leave hearth and home to go upon their four separate anti-quests to bury for another thousand years the powers that saved the world. And you can join them—Forever After.... With Robert Asprin, David Drake, Jane Lindskold & Mike Stackpole. At the publisher's request, this title is sold without DRM (Digital Rights Management).
