The sickness came into the center of her belly and lay there like a tumor. They've been cloning girls. Not just messing with DNA. But creating them. Selling them. The world famous cosmetic surgeon, Dr Wilfred Icove, has been found dead - a cold, brutal scalpel to the heart. He is a man with nothing to hide, but when Lieutenant Eve Dallas exposes Dr Icove's patient records, a distressing image appears. Eve's trail leads to an exclusive boarding school for girls. A strange, isolated place where everything seems perfect. A little too perfect. And when the main benefactor turns out to be a genius geneticist, Eve readies an attack. With the girls nearing perfection and the men nearing insanity, Eve suspects something truly horrifying is happening . . . In the conclusion to the "Wheel of Time" series, all of humanity is in peril as Rand al'Thor moves forward to break the seals on the Dark One's prison and the Last Battle will determine the fate of the world. In this collection including books 21-25 in J. D. Robb's #1 New York Times bestselling In Death series, the incomparable Eve Dallas—a hard-shelled homicide detective whose logical mind, fierce heart, and

brilliant police work in a futuristic New York City have attracted millions of fans—takes on five unforgettable cases... ORIGIN IN DEATH MEMORY IN DEATH BORN IN DEATH INNOCENT IN DEATH CREATION IN DEATH DEATH BY TEMPTATION is Book #14 in the #1 Bestselling Caribbean Murder series, which begins with DEATH BY HONEYMOON (Book #1)—a free download! It is also a stand-alone novel. In DEATH BY TEMPTATION, Cindy and Mattheus arrive for a vacation at St. Lucia, a haven for honeymooners and destination weddings—but neither have any idea what destiny has in store. When their friend's daughter goes missing after a swim alone, a frantic search grips the island. Swept up in the horror, Cindy and Mattheus join in. When the dead body of another young woman turns up a few days later at the same beach, Cindy is convinced the cases are connected. Alone, Cindy delves deeper into the investigation, but what she may find, she could never possibly suspect....

From #1 New York Times bestselling author J. D. Robb comes a tantalizing novel in the futuristic In Death series, as Detective Eve Dallas searches for a Casanova killer with a deadly appetite for seduction... Dante had been courting his victim in cyberspace for weeks before meeting her in person. A few sips of wine and a few hours later, she was dead. The murder weapon: a rare, usually undetectable date-rape drug with a street value of a quarter million dollars. Detective Eve Dallas is playing and replaying the clues in her mind. The candlelight, the music, the rose petals strewn across the bed—a seduction meant for his benefit, not hers. He hadn't intended to kill her. But now that he had, he is left with only two choices: to either hole up in fear and guilt. Or start hunting again... Lieutenant Eve Dallas must take down a group of terrorists who use a computer virus to kill in this thriller in the #1 New York Times bestselling In Death series. Louie Cogburn had spent three days holed up in his apartment, staring at his computer screen. His pounding headache was unbearable—like spikes drilling into his brain. And it was getting worse. Finally,

when someone knocked at his door, Louie picked up a baseball bat, opened the door, and started swinging... The first cop on the scene fired his stunner twice and Louie died instantly. Detective Eve Dallas has taken over the investigation, but there's nothing to explain the man's sudden rage or death. The only clue is a bizarre message left on his computer screen: Absolute Purity Achieved. And when a second man dies under nearly identical circumstances, Dallas starts racking her brain for answers and for courage to face the impossible...that this might be a computer virus able to spread from machine to man... In this novel in the #1 New York Times bestselling In Death series, Lieutenant Eve Dallas faces a serial killer who offers his victims eternal youth by taking their life... After a tip from a reporter, Eve Dallas finds the body of a young woman in a Delancey street dumpster. Just hours before, the news station had mysteriously received a portfolio of professional portraits of the woman. The photos seemed to be nothing out of the ordinary for any pretty young woman starting a modeling career. Except that she wasn't a model. And that these photos were taken after she had been murdered. Now Dallas is on the trail of a killer who's a perfectionist and an artist. He carefully observes and records his victim's every move. And he has a mission: to own every beautiful young woman's innocence, to capture her youth and vitality—in one fateful shot... Lieutenant Eve Dallas must keep the predator from becoming the prey in *Vendetta in Death*, the newest thriller from the #1 New York Times bestselling author J.D. Robb. She calls herself Lady Justice. And once she has chosen a man as her target, she turns herself into a tall blonde or a curvaceous redhead, makes herself as alluring and seductive as possible to them. Once they are in her grasp, they are powerless. The first victim is wealthy businessman Nigel McEnroy. His company's human resources department has already paid out settlements to a couple of his young victims—but they don't know that his crimes go far beyond workplace harassment. Lady Justice knows. And in one

shocking night of brutality, she makes him pay a much steeper price. Now Eve Dallas and her husband, Roarke, are combing through the evidence of McEnroy's secret life. His compulsive need to record his misdeeds provides them with a wide range of suspects, but the true identity of Lady Justice remains elusive. It's a challenging case, made even more difficult by McEnroy's widow, who reacts to the investigation with fury, denial, and threats. Meanwhile, Lady Justice's criminal crusade is escalating rapidly, and if Eve can't stop this vigilante, there's no telling how much blood may be spilled... At fourteen, Steve Truscott was a typical teenager in rural Ontario in the fifties, mainly concerned about going fishing, playing football, and racing bikes with his friends. One summer evening, his twelve-year-old classmate, Lynne Harper, asked for a lift to the nearby highway on his bicycle and Steve agreed. Unfortunately, that made Steve the last person known to see Lynne alive. His world collapsed around him when he was arrested and then convicted of killing Lynne Harper. The penalty at the time was death by hanging. Although the sentence was changed to life in prison, Steve suffered for years behind bars for a murder he didn't commit. When his case gained national attention, the Supreme Court of Canada reviewed the evidence -- and confirmed his conviction. It took over forty years and a determination to prove his innocence for him to finally clear his name. He has since received an apology and compensation for his ordeal. In this book, young readers will discover how an innocent boy was presumed guilty by the justice system, and how in the end, that same justice system, prodded by Truscott and his lawyers, was able to acknowledge the terrible wrong done to him. [Fry reading level - 4.8] The Shinoyama reunion progresses smoothly and "Polka" is fitting right in, but how long can the Corpse God keep up the charade? And just what is that ominous specter looming behind the twins?! Read the next chapter of Dead Mount Death Play the day as Japan! Technology and increasing levels of education have exposed people to more information than ever

before. These societal gains, however, have also helped fuel a surge in narcissistic and misguided intellectual egalitarianism that has crippled informed debates on any number of issues. Today, everyone knows everything: with only a quick trip through WebMD or Wikipedia, average citizens believe themselves to be on an equal intellectual footing with doctors and diplomats. All voices, even the most ridiculous, demand to be taken with equal seriousness, and any claim to the contrary is dismissed as undemocratic elitism. Tom Nichols' *The Death of Expertise* shows how this rejection of experts has occurred: the openness of the internet, the emergence of a customer satisfaction model in higher education, and the transformation of the news industry into a 24-hour entertainment machine, among other reasons. Paradoxically, the increasingly democratic dissemination of information, rather than producing an educated public, has instead created an army of ill-informed and angry citizens who denounce intellectual achievement. When ordinary citizens believe that no one knows more than anyone else, democratic institutions themselves are in danger of falling either to populism or to technocracy or, in the worst case, a combination of both. An update to the 2017 breakout hit, the paperback edition of *The Death of Expertise* provides a new foreword to cover the alarming exacerbation of these trends in the aftermath of Donald Trump's election. Judging from events on the ground since it first published, *The Death of Expertise* issues a warning about the stability and survival of modern democracy in the Information Age that is even more important today. Lieutenant Eve Dallas never wavers in her search for justice. But in this gripping novel in the #1 New York Times bestselling *In Death* series, she'll learn that matters of the heart are never black and white. The first victim was found lying on a sidewalk in the rain. The second was murdered in her own apartment building. Police Lieutenant Eve Dallas had no problem finding connections between the two crimes. Both victims were beautiful and highly successful women. Their glamorous lives

and loves were the talk of the city. And their intimate relations with men of great power and wealth provided Eve with a long list of suspects—including her own lover, Roarke. As a woman, Eve was compelled to trust the man who shared her bed. But as a cop, it was her job to follow every lead...to investigate every scandalous rumor...to explore every secret passion, no matter how dark. Or how dangerous. In the latest thriller in the #1 New York Times bestselling series, homicide detective Eve Dallas investigates a murder with a mysterious motive—and a terrifying weapon. Pediatrician Kent Abner received the package on a beautiful April morning. Inside was a cheap trinket, a golden egg that could be opened into two halves. When he pried it apart, highly toxic airborne fumes entered his body—and killed him. After Eve Dallas calls the hazmat team—and undergoes testing to reassure both her and her husband that she hasn't been exposed—it's time to look into Dr. Abner's past and relationships. Not every victim Eve encounters is an angel, but it seems that Abner came pretty close—though he did ruffle some feathers over the years by taking stands for the weak and defenseless. While the lab tries to identify the deadly toxin, Eve hunts for the sender. But when someone else dies in the same grisly manner, it becomes clear that she's dealing with either a madman—or someone who has a hidden and elusive connection to both victims. "The 50th book proves this series truly is the gold standard." — Associated Press

Till We Meet Again is a children's book about death and grieving. It helps children learn that it is good to share their stories and memories with their loved ones and it teaches them to honor the person they are grieving through their own actions. This book provides comfort and gives hope that someday we will all meet again. When a cop killer cuts loose in a club called Purgatory, New York Detective Eve Dallas descends into an underground criminal hell in this novel in the #1 New York Times bestselling *In Death* series. In an uptown strip joint, a cop is found bludgeoned to death. The weapon's a baseball bat. The

motive's a mystery. It's a case of serious overkill that pushes Eve Dallas straight into overdrive. Her investigation uncovers a private club that's more than a hot spot. Purgatory's a last chance for atonement where everyone is judged. Where your ultimate fate depends on your most intimate sins. And where one cop's hidden secrets are about to plunge innocent souls into vice-ridden damnation... There was always an audience for murder. Opening night at New York's New Globe Theatre turns from stage scene to crime scene when the leading man is stabbed to death right on centre stage. Now Eve Dallas has a high profile celebrity homicide on her hands. Not only is she primary detective, she's also a witness - and when the press discovers that her husband, Roarke, owns the theatre, there's more media interest than either can handle. The only way out is to move fast. Question everyone - and everything. And in the meantime, try to tell the difference between the truth - and really good acting... When her husband discovers evidence of 12 murders while demolishing a former New York shelter for troubled teens, Lieutenant Eve Dallas tracks down the stories of each victim only to realize that they are connected by someone Eve knows. By the best-selling author of the In Death series. From the start, J. D. Robb's In Death series hooked readers with suspense, passion, thrills, and a "tough-as-nails" (The Associated Press) heroine. Now, Lieutenant Eve Dallas takes on Manhattan's criminal element in this collection that includes books 11-15 in the #1 New York Times bestselling series... JUDGMENT IN DEATH BETRAYAL IN DEATH SEDUCTION IN DEATH REUNION IN DEATH PURITY IN DEATH Lieutenant Eve Dallas must foil a terrorist plot in this explosive thriller in the #1 New York Times bestselling In Death series. It was just another after-work happy hour at a bar downtown—until the madness descended. And after twelve minutes of chaos and violence, more than eighty people lay dead. Lieutenant Eve Dallas is trying to sort out the inexplicable events. Surviving witnesses talk about seeing things—monsters and swarms of bees.

They describe sudden, overwhelming feelings of fear and rage and paranoia. When forensics makes its report, the mass delusions make more sense: it appears the bar patrons were exposed to a cocktail of chemicals and illegal drugs that could drive anyone into temporary insanity—if not kill them outright. But that doesn't explain who would unleash such horror—or why. Eve's husband, Roarke, happens to own the bar, but he's convinced the attack wasn't directed at him. It's bigger than that. And if Eve can't figure it out fast, it could happen again, anytime, anywhere. Because it's airborne... Without warning, China and Pakistan launch devastating offensives against Nepal and Bangladesh. The U.N. Security Council is baffled—why would China ally itself with India's northern neighbor? Then they learn that the Chinese are secretly planning to occupy Pakistan and take their oil reserves—by building a pipeline through India. Only one irrepressible force stands a chance against the immovable object that is the Chinese army—Lieutenant Commander Blake Murdock and his elite SEAL team. But they'll have to walk a fine line, for even the slightest slip could lead to a full-blown nuclear war. In what promises to be a breakout in Charles Finch's bestselling series, Charles Lenox travels to the New York and Newport of the dawning Gilded Age to investigate the death of a beautiful socialite. London, 1878. With faith in Scotland Yard shattered after a damning corruption investigation, Charles Lenox's detective agency is rapidly expanding. The gentleman sleuth has all the work he can handle, two children, and an intriguing new murder case. But when Prime Minister Benjamin Disraeli offers him the opportunity to undertake a diplomatic mission for the Queen, Lenox welcomes the chance to satisfy an unfulfilled yearning: to travel to America. Arriving in New York, he begins to receive introductions into both its old Knickerbocker society and its new robber baron splendor. Then, a shock: the death of the season's most beautiful debutante, who appears to have thrown herself from a cliff. Or was it murder?

Lenox's reputation has preceded him to the States, and he is summoned to a magnificent Newport mansion to investigate the mysterious death. What ensues is a fiendish game of cat and mouse. Witty, complex, and tender, *An Extravagant Death* is Charles Finch's triumphant return to the main storyline of his beloved Charles Lenox series—a devilish mystery, a social drama, and an unforgettable first trip for an Englishman coming to America.

Following the death of her father, journalist and hospice volunteer Ann Neumann sets out to examine what it means to die well in the United States. When Ann Neumann's father was diagnosed with non-Hodgkin's lymphoma, she left her job and moved back to her hometown of Lancaster, Pennsylvania. She became his full-time caregiver—cooking, cleaning, and administering medications. When her father died, she was undone by the experience, by grief and the visceral quality of dying. Neumann struggled to put her life back in order and found herself haunted by a question: Was her father's death a good death? The way we talk about dying and the way we actually die are two very different things, she discovered, and many of us are shielded from what death actually looks like. To gain a better understanding, Neumann became a hospice volunteer and set out to discover what a good death is today. She attended conferences, academic lectures, and grief sessions in church basements. She went to Montana to talk with the attorney who successfully argued for the legalization of aid in dying, and to Scranton, Pennsylvania, to listen to “pro-life” groups who believe the removal of feeding tubes from some patients is tantamount to murder. Above all, she listened to the stories of those who were close to death. What Neumann found is that death in contemporary America is much more complicated than we think. Medical technologies and increased life expectancies have changed the very definition of medical death. And although death is our common fate, it is also a divisive issue that we all experience differently. What constitutes a good death is unique to each of us, depending on our

age, race, economic status, culture, and beliefs. What's more, differing concepts of choice, autonomy, and consent make death a contested landscape, governed by social, medical, legal, and religious systems. In these pages, Neumann brings us intimate portraits of the nurses, patients, bishops, bioethicists, and activists who are shaping the way we die. The Good Death presents a fearless examination of how we approach death, and how those of us close to dying loved ones live in death's wake. A birthday bash sets the scene for a frightening reunion with a killer from Eve Dallas's past in this novel in the #1 New York Times bestselling In Death series. At exactly 7:30 p.m., Walter Pettibone arrived home to over a hundred friends and family shouting, "surprise!" It was his birthday. Although he had known about the planned event for weeks, the real surprise was yet to come. At 8:45 p.m., a woman with emerald eyes and red hair handed him a glass of champagne. One sip of birthday bubbly, and he was dead. No one at the party knew who she was, but Detective Eve Dallas remembers her all too well. Eve was personally responsible for Julianna Dunne's incarceration nearly ten years ago. And now, let out on good behavior, she still has nothing but bad intentions. It appears she wants to meet Dallas again—in a reunion neither will forget... **NEW YORK TIMES BESTSELLER** • From the Pulitzer Prize-winning critic comes an impassioned critique of America's retreat from reason We live in a time when the very idea of objective truth is mocked and discounted by the occupants of the White House. Discredited conspiracy theories and ideologies have resurfaced, proven science is once more up for debate, and Russian propaganda floods our screens. The wisdom of the crowd has usurped research and expertise, and we are each left clinging to the beliefs that best confirm our biases. How did truth become an endangered species in contemporary America? This decline began decades ago, and in *The Death of Truth*, former New York Times critic Michiko Kakutani takes a penetrating look at the cultural forces that contributed to this gathering storm. In social

media and literature, television, academia, and politics, Kakutani identifies the trends—originating on both the right and the left—that have combined to elevate subjectivity over factuality, science, and common values. And she returns us to the words of the great critics of authoritarianism, writers like George Orwell and Hannah Arendt, whose work is newly and eerily relevant. With remarkable erudition and insight, Kakutani offers a provocative diagnosis of our current condition and points toward a new path for our truth-challenged times. **NEW YORK TIMES BESTSELLER** • The award-winning book that inspired an Apple Original series from Apple TV+ • A landmark investigation of patient deaths at a New Orleans hospital ravaged by Hurricane Katrina—and the suspenseful portrayal of the quest for truth and justice—from a Pulitzer Prize-winning physician and reporter “An amazing tale, as inexorable as a Greek tragedy and as gripping as a whodunit.”—Dallas Morning News After Hurricane Katrina struck and power failed, amid rising floodwaters and heat, exhausted staff at Memorial Medical Center designated certain patients last for rescue. Months later, a doctor and two nurses were arrested and accused of injecting some of those patients with life-ending drugs. Five Days at Memorial, the culmination of six years of reporting by Pulitzer Prize winner Sheri Fink, unspools the mystery, bringing us inside a hospital fighting for its life and into the most charged questions in health care: which patients should be prioritized, and can health care professionals ever be excused for hastening death? Transforming our understanding of human nature in crisis, Five Days at Memorial exposes the hidden dilemmas of end-of-life care and reveals how ill-prepared we are for large-scale disasters—and how we can do better. **ONE OF THE TEN BEST BOOKS OF THE YEAR:** The New York Times Book Review • **ONE OF THE BEST BOOKS OF THE YEAR:** Chicago Tribune, Seattle Times, Entertainment Weekly, Christian Science Monitor, Kansas City Star **WINNER:** National Book Critics Circle Award, J. Homicide detective Eve Dallas must untangle a twisted family history while a hostage's life hangs in the balance—in *Abandoned in Death* by New York Times bestselling author J. D. Robb. The woman's body was found in the early morning, on a bench in a New York City playground. She was clean, her hair neatly arranged, her makeup carefully applied. But other things were very wrong—like the tattoo and piercings, clearly new. The clothes, decades out of date. The fatal wound hidden beneath a ribbon around her neck. And the note: *Bad Mommy*, written in crayon as if by a child. Eve Dallas turns to the department's top profiler, who confirms what seems obvious to Eve: They're dealing with a killer whose childhood involved some sort of trauma—a situation Eve is all too familiar with herself. Yet the clues suggest a perpetrator who'd be roughly sixty years old, and there are no records of old crimes with a similar MO. What was the trigger that apparently reopened such an old wound and sent someone over the edge? When Eve discovers that other young women—who physically resemble the first victim—have vanished, the clock starts ticking louder. But to solve this case she will need to find her way into a hidden place of dim light and concrete, into the distant past, and into the cold depths of a shattered mind.

Thirty years after its publication, *The Death and Life of Great American Cities* was described by *The New York Times* as "perhaps the most influential single work in the history of town planning....[It] can also be seen in a much larger context. It is first of all a work of literature; the descriptions of street life as a kind of ballet and the biting satiric account of traditional planning theory can still be read for pleasure even by those who long ago absorbed and appropriated the book's arguments." Jane Jacobs, an editor and writer on architecture in New York City in the early sixties, argued that urban diversity and vitality were being destroyed by powerful architects and city

planners. Rigorous, sane, and delightfully epigrammatic, Jacobs's small masterpiece is a blueprint for the humanistic management of cities. It is sensible, knowledgeable, readable, indispensable. The author has written a new foreword for this Modern Library edition.

Two exclusive J.D. Robb short stories. *Possession in Death* After a Russian woman whispers her dying words to Eve Dallas, strange things begin to happen. Unable to concentrate on anything, Eve realises that in order to reclaim her mind, she must find the woman's great-granddaughter - one of a string of young missing girls, forgotten by all. Set between *Indulgence in Death* and *Treachery in Death*. *Chaos in Death* When eye-witness testimony paints the killer as a green skinned monster, with swollen red eyes and goblin ears, even Eve Dallas is shaken. But as she gets closer, the trail suggests something even more disturbing - someone is playing at science . . . Set between New York to Dallas and *Celebrity in Death*. Diagnosed with terminal brain cancer at age ten, Paris Acree talked happily of the day when she would meet Jesus and "shock" him with her purple toenail polish. But Paris delivered another shock altogether when, shortly before her own death, she discerned her mother Victoria's breast cancer weeks before doctors confirmed it. Follow Victoria's spiritual journey through pregnancy, mutual cancer diagnoses, and a shared-death experience, as well as her own out-of-body trip to visit Paris after her passing. Experience heaven like never before in this incredible true story of a mother's enlightenment through the life and death of her young daughter. A new novel in the #1 New York Times bestselling series: Lt. Eve Dallas must separate rumors from reality when a woman who traffics in other people's secrets is silenced. The chic Manhattan nightspot Du Vin is not the kind of place Eve Dallas would usually patronize, and it's not the kind of bar where a lot of blood gets spilled. But that's exactly what happens one cold February evening. The mortally wounded woman is Larinda Mars, a self-described "social information reporter," or as most people would call it, a professional gossip. As it turns out, she

was keeping the most shocking stories quiet, for profitable use in her side business as a blackmailer. Setting her sights on rich, prominent marks, she'd find out what they most wanted to keep hidden and then bleed them dry. Now someone's done the same to her, literally—with a knife to the brachial artery. Eve didn't like Larinda Mars. But she likes murder even less. To find justice for this victim, she'll have to plunge into the dirty little secrets of all the people Larinda Mars victimized herself. But along the way, she may be exposed to some information she really didn't want to know... A riveting account of how the Nazi Party came to power and how the failures of the Weimar Republic and the shortsightedness of German politicians allowed it to happen. Why did democracy fall apart so quickly and completely in Germany in the 1930s? How did a democratic government allow Adolf Hitler to seize power? In *The Death of Democracy*, Benjamin Carter Hett answers these questions, and the story he tells has disturbing resonances for our own time. To say that Hitler was elected is too simple. He would never have come to power if Germany's leading politicians had not responded to a spate of populist insurgencies by trying to co-opt him, a strategy that backed them into a corner from which the only way out was to bring the Nazis in. Hett lays bare the misguided confidence of conservative politicians who believed that Hitler and his followers would willingly support them, not recognizing that their efforts to use the Nazis actually played into Hitler's hands. They had willingly given him the tools to turn Germany into a vicious dictatorship. Benjamin Carter Hett is a leading scholar of twentieth-century Germany and a gifted storyteller whose portraits of these feckless politicians show how fragile democracy can be when those in power do not respect it. He offers a powerful lesson for today, when democracy once again finds itself embattled and the siren song of strongmen sounds ever louder. Scotland's lovable Hamish Macbeth--the one-man village police force--investigates the death of an actress and a television writer in this latest episode in the popular series.

Piper and Phoebe must rescue Paige who has become a conduit for dark powers. Estimation of the Time Since Death remains the foremost authoritative book on scientifically calculating the estimated time of death postmortem. Building on the success of previous editions which covered the early postmortem period, this new edition also covers the later postmortem period including putrefactive changes, entomology, and postmortem r In this thriller in the #1 New York Times bestselling phenomenon, Eve Dallas tracks down those who break the law—including the ones sworn to uphold it. Detective Eve Dallas and her partner, Peabody, are following up on a senseless crime—an elderly grocery owner killed by three stoned punks for nothing more than kicks and snacks. This is Peabody's first case as primary detective—good thing she learned from the master. But soon Peabody stumbles upon a trickier situation. After a hard workout, she's all alone in the locker room when the gym door clatters open, and—while hiding inside a shower stall trying not to make a sound—she overhears two fellow officers arguing. It doesn't take long to realize they're both crooked—guilty not just of corruption but of murder. Now Peabody, Eve, and Eve's husband, Roarke, are trying to get the hard evidence they need to bring down the dirty cops—knowing all the while that the two are willing to kill to keep their secret. Euthanasia... or murder? In Doctor Death, New York Times No. 1 bestselling author Jonathan Kellerman demonstrates once again his unique insights into the darkest corners of the human psyche. Perfect for fans of Michael Connelly and Harlan Coben. 'Kellerman is the acknowledged king of the psychological thriller' - Dallas Morning News People are voluntarily dying before their time in California. Some call it assisted suicide when cancer, heart disease or painful old age make the quality of life unbearable. Others say it is murder, that no-one has the right to help others take their own life. As the debate rages over whether euthanasia should be legalised or not, the man at the centre of the row, nicknamed Doctor Death, continues his work. Dr

Alex Delaware joins in the argument, but when Detective Milo Sturgis comes to him with the suspicion that some of Doctor Death's patients are not willing collaborators, Delaware finds himself on the frontline of the affair, and increasingly believes that euthanasia is not the prime motivation. So what is driving Doctor Death to kill so many? What readers are saying about Doctor Death: 'A book that keeps you fascinated from beginning to the end' 'I could not put it down' 'Five stars' In a future where human nature remains as predictable as death, a killer plays God and puts innocent lives in the palm of his hand in this novel in the #1 New York Times bestselling In Death series. With the precision of a surgeon, a serial killer preys on the most vulnerable souls of the world's city streets. The first victim: a sidewalk sleeper, found dead in New York City. No bruises, no signs of struggle. Just a laser-perfect, fist-sized hole where his heart had once been. Lieutenant Eve Dallas is assigned to investigate. But in the heat of a cat-and-mouse game with the killer, Dallas's job is suddenly on the line. Now her hands are tied...between a struggle for justice—and a fight for her career... Unwanted by his mother, snubbed by his blood-brothers and ridiculed by all, this is the story of the unsung hero of the Mahabharata. The graphic novel traces the life-journey of this brave and noble man who became victim to the twists of fate. Loyal to a fault, Karna's blind devotion to the wicked prince Duryodhana, the one man who accepts him as a friend, leads him to side with the Kauravas and fight against his own brothers in the Battle of Kurukshetra. In "Naked in Death," Eve Dallas is in over her head when she breaks the rules and falls in love with Roarke, an Irish billionaire and a suspect in her most recent case, and in "Glory in Death," Eve Dallas suspects there is a link between the murders of two beautiful and highly successful women.
