"When I was a child, I loved old men, and I could tell that they also loved me." And so we are introduced to our deliciously incisive narrator: a popular English professor whose charismatic husband at the same small liberal arts college is under investigation for his inappropriate relationships with his former students. The couple have long had a mutual understanding when it comes to their extra-marital pursuits, but with these new allegations, life has become far less comfortable for them both. And when our narrator becomes increasingly infatuated with Vladimir, a celebrated, married young novelist who's just arrived on campus, their tinder box world comes dangerously close to exploding. With this bold, edgy, and uncommonly assured debut, author Julia May Jonas takes us into charged territory, where the boundaries of morality bump up against the impulses of the human heart. Propulsive, darkly funny, and wildly entertaining, Vladimir perfectly captures the personal and political minefield of our current moment, exposing the nuances and the grey area between power and desire. Three lifelong friends plus a dangerous, sexy new stranger in town add up to a scorching summer of manipulation, obsession, and murder, from the acclaimed author of The Hunting Wives. A woman in the forest thinks she's going to die. I know he's coming back for me. Jen Hansen, Kittie Spears, and Cynthia Nichols have been friends since childhood. They are now approaching forty and their lives have changed, but their insular East Texas town has not. They stay sane by drinking wine in the afternoons, dishing about other women in the neighborhood, and bonding over the heartache of their own encroaching middle age and raising ungrateful teens. Then Will Harding comes to town, moving into one of the neighborhood's grandest homes. Mysterious and charming, he seems like the answer to each woman's prayers. He's a source of fascination for Jen, Kittie, and Cynthia, but none of them are ready for the way Will disrupts their lives. As Will grows closer with each of the women, their fascination twists into obsession, threatening their friendships and their families. When he abruptly pulls away, each woman scrambles to discover the source of his affection. But what they'll uncover is far more sinister and deadly than any of them could have ever imagined. It's time for me to reclaim my memories...and my throne. My twin brother, Faer, wants to see me either dead or married to the sea

prince and dragged into the deep. He doesn't care which, as long I lose my claim on our throne. But I can't abandon our people to his cruelty. At least I have three of the best knights in the four Fae kingdoms on my side: Azrael, the charming prince who hates to love me. Duncan, the grouchy warrior who loves to hate me. And Tiron, my true friend-who has his own secrets that just might drown us. Despite the dark, tangled threads that bind these princes to me-threads that I don't even remember-can we save the Four Kingdoms? I gambled and lost them-and a kingdom-once before. This time, I have to win. Because if I break their hearts again, or if they break mine, the four of us will all disappear under the waves forever. Fallen Queen is Book 2 in the Lost Fae series, which begins with Wandering Queen. When you're a Fae princess, you never have to choose. Set in 1811, during some of the worst fighting of the Napoleonic Wars, Richard Sharpe is given responsibility of an Irish battalion of ceremonial troops who are poorly equipped and untrained for battle. Daniel I suck at relationships and don't trust anyone, but there are reasons for that. For one thing, every person I've ever cared about has let me down. The only recent exception: O'Leary's town veterinarian...my new best friend. I came to O'Leary for a fresh start. To pare things down to essentials. To forget about the failures in my past. The last thing I need is complications, and most definitely Not. A. Boyfriend. Julian I've lived in O'Leary my entire life and learned to fly under the radar a long time ago. I do what's expected, say what's expected, and keep to myself as much as possible. It's a hell of a lot simpler spending my time working with animals than trying to interact with actual people. The one unlikely exception: the gorgeous guy who moved to a cabin just outside of town and somehow became my best friend. But friendships are complicated, and one morning I find myself accidentally telling the whole town the biggest lie of my life. Which is how Daniel Michaelson, my very straight, very hot best friend becomes my fake boyfriend, even though he's most definitely Not. My. Lover. A MURDER Detective Inspector Fin Macleod is sent from Edinburgh to investigate. For Lewis-born Macleod, the case represents a journey both home and into his past. LOVED THE BLACKHOUSE? Read book 2 in the Lewis trilogy, THE LEWIS MAN LOVE PETER MAY? Buy his latest frontlist thriller, A SILENT DEATH I came to Whispering Key for a job. That was all. To show the world Mason Bloom could be more than a small-town doctor living a medium-sized life. Private doctor on a swanky island with a posh resort? Check. But from the moment I set foot on this island, nothing went according to plan. I didn't expect to find the resort falling apart. I didn't expect the people here to be so charming and crazy and welcoming and real. I didn't expect legends about shipwrecks and buried treasure. And I definitely didn't expect Fenn Reardon, the island's incredibly attractive, incredibly infuriating, incredibly male resident tour guide, to become the one person I can't live without. Thirty-five's a bit late for me to realize I'm not straight, though, right? And I have big dreams that won't fit on Whispering Key, anyway-dreams that do not include tying myself to a tiny island stuck in the past or to a man who refuses to think about the future. My head's telling me I have to leave Whispering Key... My heart's telling me there might be treasure on this island after all. Originally published: Amazon Publishing, 2016. From the critically acclaimed author of *Jennifer Government* and *Lexicon* comes mind-bending speculative psychological suspense about a serial killer pursuing his victim across time and space, and the woman who is determined to stop him, even if it upends her own reality. much about her, and professes his love - shortly before he murders her. Felicity Staples hates reporting on murders. As a journalist for a mid-size New York City paper, she knows she must take on the assignment to research Madison May's shocking murder, but the crime seems random and the suspect is in the wind. No one remembers Madison May, or Felicity's encounter with the mysterious man. And her cat is missing. Felicity realizes that in her pursuit of Madison's killer, she followed him into a different dimension - one where everything about her existence is slightly altered. At first, she is determined to return to the reality she knows, but when Madison May - in this world, a struggling actress - is murdered again, Felicity decides she must find the killer - and learns that she is not the only one hunting him. The job at Sunday Orchard was supposed to be temporary. A chance to gain some work experience. To

have some fun. To get away from my overprotective brothers. To maybe, possibly encounter some lumberjacks in their natural habitat before moving on to the dream career that awaited me in the city. I had not expected to be welcomed into a family of gorgeous and weirdly efficient lumberjack-types myself. Or to find a purpose in the tiny Vermont town whose claim to fame seemed to be apple-based products and copious amounts of charm. And I most definitely hadn't expected to fall for Knox Sunday, my grumpy, burly, fifteen-years-older, reluctant roommate, with his infuriating lectures, his hot-as-fire body, his superior attitude, his snarky humor, and his stealth cuddles. Now I find myself making excuses to delay my big dreams... just for a little while. But Knox has unfulfilled dreams of his own. A career he walked away from. A big city life in Boston he left behind when he returned to his hometown to help his family. He claims he's not looking for anything permanent, and I've never been one to put down roots. My big life is waiting for me somewhere other than Little Pippin Hollow. So why does it feel like I've finally found the home of my heart? And how can I get Knox Sunday to... pick me? **WINNER OF THE McILVANNEY PRIZE 2022** Glasgow is a city in mourning. An arson attack on a hairdresser's has left five dead. AS HEARD ON NPR MORNING EDITION AND ON BEING WITH KRISTA TIPPETT** "Katherine May opens up exactly what I and so many need to hear but haven't known how to name." —Krista Tippett, *On Being* "Every bit as beautiful and healing as the season itself. . . . This is truly a beautiful book." —Elizabeth Gilbert "Proves that there is grace in letting go, stepping back and giving yourself time to repair in the dark...May is a clear-eyed

observer and her language is steady, honest and accurate—capturing the sense, the beauty and the latent power of our resting landscapes." —Wall Street Journal An intimate, revelatory book exploring the ways we can care for and repair ourselves when life knocks us down. Sometimes you slip through the cracks: unforeseen circumstances like an abrupt illness, the death of a loved one, a break up, or a job loss can derail a life. These periods of dislocation can be lonely and unexpected. For May, her husband fell ill, her son stopped attending school, and her own medical issues led her to leave a demanding job. *Wintering* explores how she not only endured this painful time, but embraced the singular opportunities it offered. A moving personal narrative shot through with lessons from literature, mythology, and the natural world, May's story offers instruction on the transformative power of rest and retreat. Illumination emerges from many sources: solstice celebrations and dormice hibernation, C.S. Lewis and Sylvia Plath, swimming in icy waters and sailing arctic seas. Ultimately *Wintering* invites us to change how we relate to our own fallow times. May models an active acceptance of sadness and finds nourishment in deep retreat, joy in the hushed beauty of winter, and encouragement in understanding life as cyclical, not linear. A secular mystic, May forms a guiding philosophy for transforming the hardships that arise before the ushering in of a new season. Your curse is your biggest strength. I just didn't know it yet. You can't fight what you are... When *Obtero* reveals its newest weapon, a device that can successfully identify and immobilize anyone with the gene, Jamie and his friends find themselves in a race against time trying to rally people to their cause. In a dangerous game of cat and mouse, they began raiding the holding facilities, only to realize their own headquarters may be in danger. Friendships are strained as the castle is divided. A fight is coming, but not everyone is on the same side. Can the gang rally the forces and learn to control their powers in time? Or does a house that stands divided always fall? Never give up.
