My name is Lucie Blaise. I am sixteen years old. I have many aliases, but I am none of the girls you see. What I am is the newest recruit of Covert Ops. And we are here to take down Hitler. After the Nazis killed my brother on the North African front, I volunteered at the Office of Strategic Services in Washington to do my part for the war effort. Only instead of a desk job at the OSS, I was tapped to join the Clandestine Operations--a secret espionage and sabotage organization of girls. Six months ago, I was deployed to German-occupied France to gather intelligence and eliminate Nazi targets. My current mission: Track down and interrogate a Nazi traitor about a weapon that threatens to wipe out all of Western Europe. Then find and dismantle the weapon before Hitler detonates it. But the deeper I investigate, the more danger I'm in. Because the fate of the free world hangs in the balance, and trusting the wrong person could cause millions of lives to be lost. Including my own. "All the sizzle, chaos, noise and scariness of war is clay in the hands of ace storyteller Lynch." -- Kirkus Reviews for the World War II series Discover the secret missions behind America's greatest conflicts. Fergus Frew thought he knew what to expect when he signed up with the Navy's demolitions team. But as the Korean War rages on, Fergus and his fellow divers -- AKA "frogmen" -- are tasked with more than just scouting mudflats. Soon they're planting mines.

And sabotaging tunnels, bridges... and even fishing nets. Strangest of all, it falls to Fergus to transport a spy into the country -- and that means traveling far from Navy-controlled waters. But frogmen are amphibious. And Fergus may not realize it, but he's in a position to change the way the whole world thinks about combat. National Book Award finalist Chris Lynch continues his explosive fiction series based on the real-life, top-secret history of US black ops and today's heroic Navy SEALs. Fear and desperation leave Portia and Vance clinging to threadbare hope as life is given, and taken away. Manipulated, driven by bloodlust and the desire to claim sole possession, the stakes are raised higher than they've ever been before. Evil rises with the intent to dominate, leading them and their coven to the ultimate confrontation--a battle which will force one of them to make a devastating, life-altering decision. The national bestselling memoir of a friendship between a New England outdoorsman and the scrawny foxhound who came to his door one snowy day. In the midst of a blizzard, late one Christmas night in the 1950s, author Hal Borland heard a howl at the back door of his home on a hundred-acre farm in the Housatonic Valley of northwest Connecticut. Resistant at first, he called around trying to find an owner whose dog had gone missing—with no luck. Finally, with the encouragement of his wife and haunted by memories of his childhood collie, Borland brought some scraps of leftover steak outside. This was his introduction to Pat, a miserable, half-starved, but deeply trusting black-and-white foxhound mutt. Pat would soon become a member of the family, accompanying Borland on hunts and terrorizing the local woodchuck population—and teaching him that sometimes our most immediate connection to the natural world is through the animals we live with. A longtime journalist and a winner of the John Burroughs Medal for distinguished nature writing, Borland tells the tale of the time he shared with Pat in this touching true story that “will appeal to many sportsmen and to all people who have ever been closely attached to a dog” (*The New York Times Book Review*). In post-American Revolution New York City, Theodosia Burr, a scholar with the skills of a socialite, is all about charming the right people on behalf of her father—Senator Aaron Burr, who is determined to win the office of president in the pivotal election of 1800. Meanwhile, Philip Hamilton, the rakish son of Alexander Hamilton, is all about being charming on behalf of his libido. When the two first meet, it seems the ongoing feud between their politically opposed fathers may be hereditary. But soon, Theodosia and Philip must choose between love and family, desire and loyalty, and preserving the legacy their flawed fathers fought for or creating their own. Love, Theodosia is a smart, funny, swoony take on a fiercely intelligent woman with feminist ideas ahead of her time who has long-deserved center stage. A refreshing spin on the Hamiltonian era and the characters we have grown to know and love. It's also a heartbreaking romance of two star-crossed lovers, an achingly bittersweet "what if." Despite their fathers' bitter rivalry, Theodosia and Philip are drawn to each other and, in what unrolls like a Jane Austen novel of manners, we find ourselves entangled in the world of Hamilton and Burr once again as these heirs of famous enemies are driven together despite every reason not to be.
