Only one man can stop her, the soldier they call Fire Whip, the stranger commanded to tame her, the lover who instead threatens to melt her frozen heart. For only the union of the Fire Whip and his woman will have the power to burn through the growing darkness that threatens their world. Quinton Zane is back. As a survivor of a fire, he finds himself uniquely compelled by arson cases. His almost preternatural ability to get inside the killer's head has garnered him a reputation in some circles--and complicated his personal life. The more cases Jack solves, the closer he slips into the darkness. His only solace is Winter Meadows, a meditation therapist. After particularly grisly cases, Winter can lead Jack back to peace. But as long as Quinton Zane is alive, Jack will not be at peace for long. Mystery writer Kimberly Sawyer lives alone and likes it that way. As the rabid creatures feed their thirst on the surviving passengers, Olivia is spared from an unthinkable fate because of the intervention of another vampire - Caleb Wolfe, a figure from her past who, for reasons he doesn't understand himself, would do anything to protect her. THE PHENOMENAL NEW YORK TIMES BESTSELLER Bestselling author Jayne Ann Krentz takes us beyond the everyday boundaries of the mind—and the heart—in the second Arcane Society novel. Level-ten parasensitive Clare Lancaster has resigned herself to the fact that she may never find a suitable mate. A human lie detector, any falsehood—no matter how subtle—sets her blood racing. And most people, to one degree or another, hide behind a façade. Including her business titan father's new “consultant,” Jake Salter. His careful conversation walks a delicate line between truth and deception, revealing and resisting. But it is with his help that Clare begins to unravel a web of conspiracy and murder involving the powerful Arizona family that she just became a part of seven months ago. Caught in a dizzying storm of secrets, lies, and half-truths, Clare and Jake will plunge into an investigation that demands every bit of their special gifts, as something more than mere attraction sparks and sizzles between them... Petite, thirty-something Clare Lancaster is a gifted psychic and a 'human lie detector.' Over the years she's come to accept that someone with her extraordinary talents is likely to have trouble in the relationship department. And she's even resigned herself to the fact that everyone, to one degree or another, hides behind a façade... Until recently, Clare had never had much to do with her estranged father, Archer Lancaster, so when he summons her from California, she is reluctant to say the least. But after meeting Jake Salter, Archer's financial consultant, Clare is convinced that things aren't what they seem. Something sparks and sizzles between them - something more than just casual flirtation between a man and a woman. New York Times bestselling author JAYNE CASTLE The wildly popular alter ego of bestselling author Jayne Ann Krentz creates “delectably entertaining paranormal romantic suspense” (Booklist) in the “unique, synergistic world of St. Helen's” (Library Journal ), the not-so-distant space colony where hearts and minds are gloriously in sync! Atop psychic for exclusive Psynergy Inc., Orchid Adams has her hands full with a baffling murder—which doesn't exactly allow time for husband hunting. Is it even possible there's a man on St. Helen's who measures up to her dreams of wedded bliss? Take her new client, Rafe Stonebraker: primitive and elemental, an unlicensed P.I. with some serious secrets, Rafe is hardly marriage material. So why does his powerful presence have Orchid imagining the most outrageous affair? Rafe is embroiled in solving a strange theft while thwarting a hostile takeover of Stonebraker Shipping; he needs a wife—and fast—to salvage his credibility. Orchid Adams doesn't fit the profile he had in mind, but she fits in his arms. Will their electrifying connection end up getting them burned? Local Guild boss and powerful ghost hunter Cooper Boone is everything botanist Elly St. Clair could ask for—the handsome, strong and silent type. Maybe too silent. For when Guild secrets threaten her career at the college, Elly has to call off their marriage—and leave small-town life behind... But starting over in the thriving metropolis of Cadence City isn't easy, especially when one of Elly's new friends disappears in the eerie catacombs beneath the streets. Cooper turns up just in time to help Elly investigate. And as the mystery deepens and dangerous ghost myths and legends come to light, Cooper makes it clear he intends to stick around—and this time he's holding nothing back... A new adventure begins on Harmony... With its opulent casinos and hotels, the desert city of Illusion Town is totally unique—and will take you on a thrill ride you'll never forget. Hannah West isn't the first woman to wake up in Illusion Town married to a man she barely knows, but she has no memory of the ceremony at all. For that matter, neither does Elias Coppersmith, her new husband. All either can remember is that they were on the run... With Hannah's dubious background and shaky para-psych profile, she could have done much worse. The coolly competent mining heir arouses her curiosity—as well as other parts of her mind and body. And even her dust bunny likes him. But a honeymoon spent retracing their footsteps leads Hannah and Elias into the twisting underground catacombs, where secrets from both their pasts will come to light—and where the energy of their clashing auras will grow hot enough to burn... A short, sleek novel of encounters set in the witching hours of Tokyo between midnight and dawn, and every bit as gripping as Haruki Murakami's masterworks *The Wind-Up Bird Chronicle* and *Kafka on the Shore*. At its center are two sisters: Yuri, a fashion model sleeping her way into oblivion; and Mari, a young student soon led from solitary reading at an anonymous Denny's into lives radically alien to her own: those of a jazz trombonist who claims they've met before; a burly female “love hotel” manager and her maidstaff; and a Chinese prostitute savagely brutalized by a businessman. These “night people” are haunted by secrets and needs that draw them together more powerfully than the differing circumstances that might keep them apart, and it soon becomes clear that Yuri's slumber—mysteriously tied to the businessman plagued by the mark of his crime - will either restore or annihilate her. After *Dark* moves from mesmerizing drama to metaphysical speculation, interweaving time and space as well as memory and perspective into a seamless exploration of human agency - the interplay between self-expression and understanding, between the power of observation and the scope of compassion and love. Murakami's trademark humor, psychological insight, and grasp of spirit and morality are here distilled with an extraordinary, harmonious mastery. “Eyes mark the shape of the city. Through the eyes of a high-flying night bird, we take in the scene from midair. In our broad sweep, the city looks like a single gigantic creature—or more, like a single collective entity created by many intertwining organisms. Countless arteries stretch to the ends of its elusive body, circulating a continuous supply of fresh blood cells, sending out new data and collecting the old, sending out new consumables and collecting the old, sending out new contradictions and collecting the old. To the rhythm of its pulsing, all parts of the body flicker and flare up and squirm. Midnight is approaching, and while the peak of activity has indeed passed, the basal metabolism that maintains life continues undiminished, producing the basso continuo of the city's moan, a monotonous sound that neither rises nor falls but is pregnant with foreboding.” —from *After Dark* New York Times bestselling author Amanda Quick presents an Arcane Society novel that reveals the passionate—and paranormal—secrets of proper Victorian London. Attempting to recover a relic stolen from her family years ago, gifted crystal worker Leona Hewitt secretly makes her way into Lord Delbridge's private museum. But who she finds there is more entrancing than the crystal she seeks. Thaddeus Ware is a mesmerist with powerful psychic energy—that doesn't seem to be affecting the woman before him. Instead, Leona seems to exert a rather hypnotic power over the hypnotist himself. After she gives him the slip, absconding with the crystal they recovered, Thaddeus fears for her safety. For he is on assignment for the secretive Arcane Society and knows that the crystal holds the potential for great destruction. It is the key to Lord Delbridge's membership in a shadowy group known as the Third Circle. The nobleman killed before to acquire the crystal, and Thaddeus has no doubt that he will kill again. From New York Times bestselling author Jayne Ann Krentz comes a gripping new romantic suspense trilogy fraught with danger and enigma. Decades ago in the small town of Fogg Lake, The Incident occurred: an explosion in the cave system that released unknown gases. The residents slept for two days. When they woke up they discovered that things had changed—they had changed. Some started having visions. Others heard ominous voices. And then, scientists from a mysterious government agency arrived. Determined not to become research subjects of strange experiments, the residents of Fogg Lake blamed their “hallucinations” on food poisoning, and the story worked. But now it has become apparent that the eerie effects of The Incident are showing up in the descendants of Fogg Lake.... Catalina Lark and Olivia LeClair, best friends and co-owners of an investigation firm in Seattle, use what they call their “other sight” to help solve cases. When Olivia suddenly vanishes one night, Cat frantically begins the search for her friend. No one takes the disappearance seriously except Slater Arganbright, an agent from a shadowy organization known only as the Foundation, who shows up at her firm with a cryptic warning. A ruthless killer is hunting the only witnesses to a murder that occurred in the Fogg Lake caves fifteen years ago--Catalina and Olivia. And someone intends to make both women vanish. Acclaimed for her novels of “delectably entertaining paranormal romantic suspense” (Booklist), the wildly popular alter ego of bestselling author Jayne Ann Krentz takes off on a star-dusted excursion to a rich civilization where danger and passion are just a heartbeat away. Amaryllis Lark is one of the best psychic detectives on St. Helen's, the Earth colony recently cut off from the mother planet—and a place where love defies the most incredible odds. Lucas Trent, the rugged head of Lodestar Exploration, isn't attracted to prim and proper women and takes no interest in Amaryllis, with her crisp business suit and her aloof evaluation of his request to bust a corporate thief. But when a bold hunch leads them from a wild murder investigation to an electrifyingly red-hot love affair, no power on heaven, Earth, or St. Helen's can keep them apart. Reluctantly paired for a murder investigation by the paranormal Arcane Society, former cop Luther Malone and aura-reading librarian Grace Renquist find their mutual disgust dissolving into a powerful attraction during a case that is further complicated by operatives for a ruthless underground psychic group. 250,000 first printing. Return to 1930s Burning Cove,

California, the glamorous seaside playground for Hollywood stars, mobsters, spies, and a host of others who find more than they bargain for in this mysterious town. Maggie Lodge, assistant to the reclusive advice columnist known only as Dear Aunt Cornelia to her readers, hires down-but-not-quite-out private eye Sam Sage to help track down the person who is blackmailing her employer. Maggie and Sam are a mismatched pair. As far as Sam is concerned, Maggie is reckless and in over her head. She is not what he had in mind for a client, but he can't afford to be choosy. Maggie, on the other hand, is convinced that Sam is badly in need of guidance and good advice. She does not hesitate to give him both. In spite of the verbal fireworks between them, they are fiercely attracted to each other, but each is convinced it would be a mistake to let passion take over. They are, after all, keeping secrets from each other. Sam is haunted by his past, which includes a marriage shattered by betrayal and violence. Maggie is troubled by intense and vivid dreams—dreams that she can sometimes control. There are those who want to run experiments on her and use her for their own purposes, while others think she should be committed to an asylum. When the pair discovers someone is impersonating Aunt Cornelia at a conference on psychic dreaming and a woman dies at the conference, the door is opened to a dangerous web of blackmail and murder. Secrets from the past are revealed, leaving Maggie and Sam in the path of a ruthless killer who will stop at nothing to exact vengeance. Welcome to Illusion Town on the colony world of Harmony—like Las Vegas on Earth, but way more weird. Living in this new, alien world doesn't stop the settlers from trying to re-create what they've left behind. Case in point—weddings are still the highlight of any social calendar. But it's the after-party that turns disastrous for Lucy Bell. Kidnapped and drugged as she leaves the party, she manages to escape—only to find herself lost in the mysterious, alien underground maze of glowing green tunnels beneath Illusion Town. She's been surviving on determination and cold pizza, scavenged for her by a special dust bunny, when help finally shows up. Gabriel Jones is the Ghost Hunter sent to rescue her, but escaping the underground ruins isn't the end of her troubles—it's only the beginning. With no rational reason for her abduction, and her sole witness gone on another assignment for the Guild, whispers start circulating that Lucy made it all up. Soon her life unravels until she has nothing left but her pride. The last thing she expects is for Gabriel Jones to come back to town for her. The Lucy that Gabriel finds is not the same woman he rescued, the one who looked at him as if he were her hero. This Lucy is sharp, angry, and more than a little cynical—instead of awe, she treats him with extreme caution. But a killer is still hunting her, and there aren't a lot of options when it comes to heroes. Despite her wariness, Gabriel is also the one person who believes Lucy—after all, he was there. He's determined to help clear her reputation, no matter what it takes. And as the new Guild Boss, his word is law, even in the lawlessness of Illusion Town. A broken promise reveals a terrifying legacy in this electrifying New York Times bestseller from the author of *Untouchable*. Seattle gallery owner Virginia Troy has spent years battling the demons that stem from her childhood time in a cult and the night a fire burned through the compound killing her mother. And now one of her artists has taken her own life, but not before sending Virginia a last picture...a painting that makes Virginia doubt everything about the so-called suicide—and her own past... Like Virginia, PI Cabot Sutter was one of the children in the cult who survived that fire—and only he can help her now. As they struggle to unravel the clues in the picture, it becomes clear that someone thinks Virginia knows more than she does and that she must be stopped. Thrown into an inferno of desire and deception, Virginia and Cabot draw ever closer to the mystery of their shared memories—and the shocking fate of the one man who still wields the power to destroy everything they hold dear.
