Written by Rebecca McLaughlin, Author of *Confronting Christianity In a World of Increasing Ideological Diversity*, kids are being challenged to think through their own beliefs from an early age. Questions like *How can you believe the Bible is true?; Why can't we just love that love is love?; and Isn't Christianity against diversity?* can seem like roadblocks for those who are following Jesus, as well as for those who might otherwise consider faith in Christianity. In this helpful book—written both for Christian kids and for those who think Jesus is just a good character—Rebecca McLaughlin invites readers ages 12–15 to dig deep into hard questions for themselves and perhaps discover that the things that once looked like roadblocks to faith actually be signposts. Considering questions such as 'Where did language come from?' and 'Do animals know they exist?', Michael Hanlon explores possible theories and dispatches a list of the less likely ones in his quest to fill the gaping holes that science is littered with. *Teaching to Dig*—digging into the history and theology of the Church of Jesus Christ of Latter Day Saints and how they divulge their heretical teachings—in some cases using Mormon teachings against themselves. *Answers to Mormon views on God and Jesus, the veracity of their Book of Mormon, and an analysis of their version of salvation illuminate their variance from Christianity.* Tips for how to talk with a Mormon, a glossary and a page of resources are also included. The popular blogger and publisher of *Envoy* magazine offers 10 key reasons why he loves being Catholic (and you should too). Drawing heavily on poignant anecdotes from his own experience as a life-long Catholic born in the 1960s, Patrick Madrid offers readers a way of looking at the Church--its members, teaching, customs, and history--from perspectives many may have never considered. Growing up during a time of great social and theological upheaval and transition, a time in which many Catholics abandoned their religion in search of something else, Patrick Madrid learned a great deal about why people leave Catholicism and why others stay. This experience helped him gain many insights into what it is about the Catholic Church that some people reject, as well as the things that others treasure. Drawing upon Madrid's personal experiences, *Why Be Catholic?* offers a deeply personal, fact-based, rationale for why everyone should be Catholic or at least consider the Catholic Church in a new light. Respected scholars provide thorough yet accessible answers to the deep spiritual questions that most often challenge one's faith and the ability to share it with others. *Is God even listening? If God is sovereign and in control, why should I bother praying? Can my will override His will?* Public interest in spiritual things is at an all-time high, and one of the most often discussed topics is prayer. Yet there are vexing questions related to our communication with God, and much misinformation is circulated about prayer—even among Christians. Many struggle with hard questions. In fact, there seem to be many negative attitudes and questions about prayer as there are positive things said about it. *Questions About Prayer Every Christian Must Answer* does what other books do not: explore the link between Christian apologetics and prayer. Elmer Towns and Alex McFarland—both with extensive pastoral and academic experience—respond to common objections and

about prayer, offering biblically informed, well-reasoned answers. This resource will encourage Christian readers in their faith and provide them with help when encountering Christian critics. To those who are skeptical about prayer, it offers respectful and carefully researched rebuttals to their assumptions. What do Mormons teach about Jesus, the Trinity, God, life after death, and how to be saved? The Latter-day Saints often use Christian terms, but mean something completely different. The 10 Questions & Answers on Mormonism bestselling pamphlet will help you discover the truth about these and many other critical issues. This full-color pamphlet provides a clear summary of what Mormons (Latter-day Saints) believe, their practices, and history. 10 Q & A's offers sound tips for interacting with Mormon neighbors, and co-workers, and much more. Size: 8.5x 5.5 unfolds to 33 long. Fits inside Bible covers. 10 Questions & Answers on Mormonism is an excellent tool for outreach missions groups, or for anyone wanting to understand more about this controversial religious group. This compelling Q & A pamphlet examines 10 critical questions regarding the beliefs and practices of Latter-day Saints (LDS) and responds with what the Bible teaches about them. Did the Christian church really need to be restored? Was Joseph Smith a true prophet? What is Mormon scripture? Is the Bible trustworthy Scripture? Is the Book of Mormon an ancient document? Is the God of Mormonism the God of the Bible? Does Mormonism teach the truth about Jesus? Can we earn our salvation? Why do Mormons build temples? Does Mormonism teach polygamy? 10 Questions & Answers on Mormonism pamphlet provides answers to 10 of the most important questions regarding Mormonism. Readers and students of other religions and cults will find answers to these and other claims Mormons make: A death of the original apostles, the church slipped into the Great Apostasy. Joseph Smith, the church's founder, is a modern prophet, seer, and revelator revealing divine truth. Mormonism claims four standard works or writings including the Bible, but also the Book of Mormon, Pearl of Great Price, and the Doctrines and Covenants. All humans preexisted in heaven before becoming human. After he rose from the dead, Jesus went to the Americas. Sin that is committed robs the Mormon of any assurance of reaching the celestial kingdom. Mormonism believes that God is one among many gods stretching into eternity past. This pamphlet explains the beliefs, practices and history of this controversial group, including interesting ideas and prophecies by founder Joseph Smith. Among many other ideas, many Mormons believe: the restoration of true Christianity began when God and Jesus appeared to Joseph Smith. Joseph Smith is second only to Jesus. The Book of Mormon is the most correct of any book of scripture. God was a mortal who attained his exalted state by obedience to eternal laws and principles. The 10 Questions & Answers on Mormonism includes a Glossary of Mormon Terms. This glossary is extremely helpful to those who desire to witness to Mormons. The glossary defines the following terms and many others: Baptism for the dead--A temple ritual in which a proxy is baptized on behalf of a deceased person. First Vision--An event that Mormons believe took place in 1820 in which God and Jesus appeared to Joseph Smith and told him all other churches were wrong and that their creeds were an abomination. Priesthood--The priesthood gives Mormon males the power and authority to act on behalf of God. Temples--Special buildings reserved for ordinances for the dead, marriages for time and eternity, and sealing families for eternity. The 10 Questions & Answers on Mormons offers a listing of additional

resources for learning more about Mormons/Latter-day Saints, and additional insights information that improve outreach to Mormon co-workers and acquaintances. The following sampling of helpful tips: Don't assume that a Mormon defines a word the same way you define your terms and have them define theirs. Do concentrate on core issues such as Mormons believe about God the Father, Jesus Christ, the Holy Spirit, and other key issues. 10 Answers for Skeptics, McFarland identifies the 10 most common types of skepticisms that plague doubters' minds and offers believers proven strategies for connecting intellectually and spiritually with those who are skeptical about the claims of Christianity. Today's skeptics are looking for authenticity, integrity and straightforward truth. Readers will learn how to respond to intimidating questions, identify the root issue behind those questions and dismantle the "spiritual bombshells" dropped by atheists. Plus, they'll find encouragement to face hostility by persevering in love—the ultimate apologetic Christians can offer as witness to our love for the world.
