AQA A-level French (includes AS) Mar 18 2020 Exam Board: AQA Level: AS/A-level Subject: French First Teaching: September 2016 First Exam: June 2017 Our Student Book has been approved by AQA. Support the transition from GCSE and through the new A-level specification with a single textbook that has clear progression through four defined stages of learning suitable for a range of abilities. We have developed a completely new textbook designed specifically to meet the demands of the new 2016 specification. The Student Book covers both AS and A-level in one textbook to help students build on and develop their language skills as they progress throughout the course. - Supports the transition from GCSE with clear progression through four stages of learning: transition, AS, A-level and extension - Exposes students to authentic target language material with topical stimulus, and film and literature tasters for every work - Builds grammar and translation skills with topic-related practice and a comprehensive grammar reference section - Develops language skills with a variety of tasks, practice questions and research activities - Gives students the tools they need to succeed with learning strategies throughout - Prepares students for the assessment with advice on essay-writing and the new individual research project Audio resources to accompany the Student Book must be purchased separately through your institution. They can be purchased in several ways: 1) as part of the Dynamic Learning Teaching and Learning resource; 2) as a separate audio download; 3) as part of the Student eTextbook. The Audio resources are not part of the AQA approval process.

Photojournalism and the Origins of the French Writer House Museum (1881-1914) Aug 23 2020 Why did writers' private homes become so linked to their work that contemporaries began preserving them as museums? Photojournalism and the Origins of the French Writer House Museum addresses this and other questions by providing an overview of the social forces that brought writers' homes to the forefront of the French imagination at the end of the nineteenth century and the beginning of the twentieth. This study analyzes representations of the apartments and houses of Corneille, Hugo, Balzac, and Dumas, Sand, Zola, Loti, Montesquiou, Mallarmé and Proust, among others, arguing that the writer's home became a contested space and an important part of the French patrimony at this time. This is the first book to emphasize the house museum as an essentially modern construct, and to trace the history of ideas leading to its institutionalization in twentieth-century France. The interdisciplinary study also brings new attention to the importance of photojournalism for fin-de-siècle France - and brings to light fascinating and forgotten examples of 'at home' photography by Dornac and Henri Mairé. Elizabeth Emery provides a fresh and compelling perspective on conjunctions between visual, literary, and material cultures.

The French and Indian War and the Conquest of New France Apr 18 2020 The French and Indian War was the world's first truly global conflict. When the French lost to the British in 1763, they lost their North American empire along with most of their colonies in the Caribbean, India, and West Africa. In The French and Indian War and the Conquest of New France, the only comprehensive account from the French perspective, William R. Nester explains how and why the French were defeated. He explores the fascinating personalities and epic events that shaped French diplomacy, strategy, and tactics and determined North America's destiny. What began in 1754 with a French victory—the defeat at Fort Necessity of a young Lieutenant Colonel George Washington—quickly became a disaster for France. The cost in soldiers, ships, munitions, provisions, and treasure was staggering. France was deeply in debt when the war began, and that debt grew with each year. Further, the country's inept system of government made defeat all but inevitable. Nester describes missed diplomatic and military opportunities as well as military defeats late in the conflict. Nester masterfully weaves his narrative of this complicated war with thorough accounts of the military, economic, technological, social, and cultural forces that affected its outcome. Readers learn not only how and why the French lost, but how the problems leading up to that loss in 1763 foreshadowed the French Revolution almost twenty-five years later. One of the problems at Versailles was the king's mistress, the powerful Madame de Pompadour, who encouraged Louis XV to become his own prime minister. The bewildering labyrinth of French bureaucracy combined with court intrigue and financial challenges only made it even more difficult for the French to succeed. Ultimately, Nester shows, France lost the war because Versailles failed to provide enough troops and supplies to fend off the English enemy.

False and Misleading Advertising (Filter-tip Cigarettes) Sep 16 2022 Also surveys medical research on cigarette smoking effects on health. Includes PHS report "Tobacco Smoking Patterns in the U.S." by William Haenzel, Dr. Michael B. Shimkin, and Herman P. Miller, May, 1956 (p. 431-551).

Lyrics of the French Renaissance Oct 17 2022 Renowned translator Norman R. Shapiro here presents fresh English versions of poems by three of Western literature's most gifted and prolific poets—the French Renaissance writers Clément Marot, Joachim Du Bellay, and Pierre de Ronsard. Writing in the rhymed and metered verse typical of the original French poems (which appear on facing pages), Shapiro skillfully adheres to their messages but avoids slavishly literal translations, instead offering creative and spirited equivalents. Hope Glidden's accessible introduction, along with the notes she and Shapiro provide on specific poems, will increase readers' enjoyment and illuminate the historical and linguistic issues relating to this wealth of more than 150 lyric poems. "A marvelous micro-anthology of sixteenth-century French letters. Representing the pinnacle of French Renaissance verse, the poems singled out here are sensitively interpreted in rhymed English versions. . . . There is a pleasant and inspiring craftsmanship in these interpretations."—Virginia Quarterly Review

The Chrysanthem Papers Jan 28 2021 Pierre Loti's novel Madame Chrysanthème (1888) enjoyed great popularity during the author's lifetime, served as a source of Puccini's opera Butterfly, and remains in print to this day as a classic in Western literature. Loti's story, cast in the form of his fictionalized diary, describes the affair between a French naval officer and Chrysanthème, a temporary "bride" purchased in Nagasaki. More broadly, Loti's novel helped define the terms in which Occidentals perceived Japan as delicate, feminine, and, to use one of Loti's favorite words, "preposterous"—in short, ripe for exploitation. The Pink Notebook of Madame Chrysanthème (1893) sought, according to a newspaper reviewer at the time, "to avenge Japan for the adjectives that Pierre Loti has inflicted on it." Written by Félix Régamey, a talented illustrator with firsthand knowledge of Japan, The Pink Notebook retells Loti's story but this time as the diary of Chrysanthème. The book, presented here in English for the first time and together with the original French text and illustrations by Régamey and others, is certainly surprising in its late nineteenth-century context. Its retelling of a classic tale from the position of a character marginalized by her sex and race provocatively anticipates certain aspects of postmodern literature. Translator Christopher Reed's rich and satisfying introduction compares Loti and Régamey in relation to attitudes toward Japan held by notable Japonistes Vincent van Gogh, Lafcadio Hearn, Edmond de Goncourt, and Philippe Burty. Reed provides further intellectual context by including new translations of excerpts from Loti's novel as well as a portion of the travel journal of Régamey's travel companion, the renowned collector Emile Guimet. Reed's emphasis on competing Western ideas about Japan challenges conventional scholarly generalizations concerning Japonism in this era. This elegant translation of The Pink Notebook and Japoniste documents will delight both general and specialized readers, particularly those interested in the ambiguities in the dynamics of nationalism, gender, identification, and exploitation that, since the nineteenth century, have characterized the West's relationship to Japan.

French Renaissance and Baroque Drama May 12 2022 French Renaissance and Baroque Drama helps us rethink pressing issues of the day, such as war, possession, sacrifice, religious conversion, law, and gender. This volume includes essays that employ a range of cutting-edge approaches to elucidate questions such as the social, religious, legal, and political functions of drama, how the staged body transmits emotions to the audience, and the ways in which drama creates communities of inclusion and exclusion, especially during times of conflict.

The French and Indian War Aug 03 2021 Introduces the French and Indian War, including the origins of the war; the interactions of the Native Americans, French settlers, British colonists, and British officials; and the consequences of the war.

Twentieth-Century French Philosophy Nov 18 2022 This unique book addresses trends such as vitalism, neo-Kantianism, existentialism, Marxism and feminism, and provides concise biographies of the influential philosophers who shaped these movements, including entries on over ninety thinkers. Offers discussion and cross-referencing of ideas and figures Provides Appendix on the distinctive nature of French academic culture

The First French Canadians Oct 25 2020 This book is the culmination of an enormous project aimed at the identification of the original French migrants to Quebec and their descendants in the form of a computerized population register.

French Fascism Jun 13 2022 Did fascism have a significant following in France in the 1930s? Were its supporters predominantly from the political right or left? This provocative book, in conjunction with its acclaimed predecessor, French Fascism: The First Wave, demolishes the notion that fascism never took hold in France. Robert Soucy argues that France has a long-standing fascist tradition, one that arose, he argues, more from counterrevolutionary forces on the right than from forces on the left. Analyzing fascist "double-talk," Soucy underscores the social and economic conservatism of such mass movements as Francisme, the Solidarité Française, the Parti Populaire Français, and the Croix de Feu--as well as the ideological and membership crossovers between them. Examining police reports of the era, he penetrates beneath the "socialist" rhetoric of these movements and describes their financial backing from the steel and electricity industries and the middle- and lower-middle-class constituencies (rather than workers) who provided most of their recruits. Soucy investigates why thousands of French men and women found fascist ideas attractive during this period and what fueled the more authoritarian and brutal aspects of French fascism. According to Soucy, these tendencies (seen most recently in the right-wing activity of Jean-Marie Le Pen's National Front) periodically emerge from perceived threats from "alien" elements in French society--whether they be Communists, Socialists, immigrants, Jews, feminists, hedonists, democrats, or liberals "soft" on Marxism and secularism.

Multilingualism and Mother Tongue in Medieval French, Occitan, and Catalan Narratives Feb 26 2021 The Occitan literary tradition of the later Middle Ages is a marginal and hybrid phenomenon, caught between the preeminence of French courtly romance and the emergence of Catalan literary prose. In this book, Catherine Léglu brings together, for the first time in English, prose and verse texts that are composed in Occitan, French, and Catalan--sometimes in a mixture of two of these languages. This book challenges the centrality of "canonical" texts and draws attention to the marginal, the complex, and the hybrid. It explores the varied ways in which literary works in the vernacular composed between the twelfth and fifteenth centuries narrate multilingualism and its apparent opponent, the mother tongue. Léglu argues that the mother tongue remains a fantasy, condemned to alienation from linguistic practices that were, by definition, multilingual. As most of the texts studied in this book are works of courtly literature, these linguistic encounters are often narrated indirectly, through literary motifs of love, rape, incest, disguise, and travel.

French Dec 19 2022 The 'Revise A2' study guides are written by examiners and contain in-depth course coverage of the key information plus hints, tips and guidance. End of unit sample questions and model answers provide essential practice to improve students exam technique.

Thinking Through French Philosophy Jul 02 2021 ". . . no other book undertakes to relate all these French philosophers to each other the way that [Lawlor] does, brilliantly." —François Raffoul For many, Jacques Derrida, Michel Foucault, and Gilles Deleuze represent one of the greatest movements in French philosophy. But these philosophers and their works did not materialize without a philosophical heritage. In Thinking through French Philosophy, Leonard Lawlor shows how the work of Maurice Merleau-Ponty formed an important current in sustaining the development of structuralism and post-structuralism. Seeking the "point of diffraction," or the specific ideas and concepts that link Derrida, Foucault, and Deleuze, Lawlor discovers differences and convergences in these thinkers who worked the same terrain. Major themes include metaphysics, archaeology, language and documentation, expression and interrogation, and the very experience of thinking. Lawlor's focus on the experience of the question brings out critical differences in immanence and transcendence. This illuminating and provocative book brings new vitality to debates on contemporary French philosophy.

The Year of the French Feb 15 2020 In 1798, Irish patriots, committed to freeing their country from England, landed with a company of French troops in County Mayo, in westernmost Ireland. They were supposed to be an advance guard, followed by other French ships with the leader of the rebellion, Wolfe Tone. Briefly they triumphed, raising hopes among the impoverished local peasantry and gathering a group of supporters. But before long the insurgency collapsed in the face of a brutal English counterattack. Very few books succeed in registering the sudden terrible impact of historical events; Thomas Flanagan's is one. Subtly conceived, masterfully paced, with a wide and memorable cast of characters, The Year of the French brings to life peasants and landlords, Protestants and Catholics, along with old and abiding questions of secular and religious commitments, empire, occupation, and rebellion. It is quite simply a great historical novel. Named the most distinguished work of fiction in 1979 by the National Book Critics' Circle.

The Politics of Design in French Colonial Urbanism Feb 09 2022 Politics and culture are at once semi-autonomous and intertwined. Nowhere is this more revealingly illustrated than in urban design, a field that encompasses architecture and social life, traditions and modernization. Here aesthetic goals and political intentions meet, sometimes in collaboration, sometimes in conflict. Here the formal qualities of art confront the complexities of history. When urban design policies are implemented, they reveal underlying aesthetic, cultural, and political dilemmas with startling clarity. Gwendolyn Wright focuses on three French colonies—Indochina, Morocco, and Madagascar—that were the most discussed, most often photographed, and most admired showpieces of the French empire in the early twentieth century. She explores how urban policy and design fit into the French colonial policy of "association," a strategy that accepted, even encouraged, cultural differences while it promoted modern urban improvements that would foster economic development for Western investors. Wright shows how these colonial cities evolved, tracing the distinctive nature of each locale under French imperialism. She also relates these cities to the larger category of French architecture and urbanism, showing how consistently the French tried to resolve certain stylistic and policy problems they faced at home and abroad. With the advice of architects and sociologists, art historians and geographers, colonial administrators sought to exert greater control over such matters as family life and working conditions, industrial growth and cultural memory. The issues Wright confronts—the potent implications of traditional norms, cultural continuity, modernization, and radical urban experiments—still challenge us today.

General Studies Manual Paper-1 2022 Jan 20 2023 1. General Studies Paper – 1 is the best- selling book particularly designed for the civil services Preliminary examinations. 2. This book is divided into 6 major sections covering the complete syllabus as per UPSC pattern 3. Special Section is provided for Current Affairs covering events, Summits and Conferences 4. simple and lucid language used for better understanding of concepts 5. 5 Crack Sets are given for practice 6. Practice Questions provides Topicwise Questions and Previous Years' Solved Papers With our all time best selling edition of "General Studies Manual Paper 1" is a guaranteed success package which has been designed to provide the complete coverage to all subjects as per prescribed pattern along with the updated and authentic content. The book provides the conventional Subjects like History, Geography, Polity and General Science that are thoroughly updated along with Chapterwise and Sectionwise questions. Contemporary Topics likes; Indian Economy, Environment & Ecology, Science & Technology and General Awareness have also been explained with latest facts and figures to ease the understanding about the concepts in this book. Current events of national and international interest have been listed in a separate section. Practice Sets are given at the end, keeping in view the trend of the questions coming in exams. Lastly, More than 5000 Most Important Points for Revision are provided in the attached booklet of the guide. It is a must have tool that proves to be one point solution for the preparaf Civil Services Preliminary Examination. TOC Solved Paper 2021-2018, Indian History and Indian National Movement, India and World Geography, Indian Polity and Governance, Indian Economy, General Science & Science and Technology, General Knowledge & Computer Technology, Practice: Topicwise Questions, Current Affairs, Crack Sets (1-5).

The Art of French Pastry Apr 30 2021 Winner of the 2014 James Beard Award for Best Cookbook, Dessert & Baking What does it take to perfect a flawless éclair? A delicate yet buttery croissant? To pipe dozens of macarons? The answer is: an intimate knowledge of the fundamentals of pastry. In The Art of French Pastry award-winning pastry chef Jacquy Pfeiffer, cofounder of the renowned French Pastry School in Chicago, gives you just that. By teaching you how to make everything from pâte à choux to pastry cream, Pfeiffer builds on the basics until you have an understanding of the science behind the ingredients used, how they interact with one another, and what your hands have to do to transform them into pastry. This yields glorious results! Expect to master these techniques and then indulge in exquisite recipes, such as: · brioche · napoléons / Mille-Feuilles · cream puffs · Alsatian cinnamon rolls / chinois · lemon cream tart with meringue teardrops · elephant ears / palmiers · black forest cake · beignets as well as some traditional Alsatian savory treats, including: · Pretzels · Kougelhof · Tarte Flambee · Warm Alsatian Meat Pie Pastry is all about precision, so Pfeiffer presents us with an amazing wealth of information—lists of necessary equipment, charts on how ingredients react in different environments, and the precise weight of ingredients in grams, with a look at their equivalent in U.S. units—which will help you in all aspects of your cooking. But in order to properly enjoy your "just desserts," so to speak; you will also learn where these delicacies originated. Jacquy Pfeiffer comes from a long line of pastry chefs and has been making these recipes since he was a child working in his father's bakery in Alsace. Sprinkled with funny, charming memories from a lifetime in pastry, this book will have you fully appreciating the hundreds of years of tradition that shaped these recipes into the classics that we know and love, and can now serve to our friends and families over and over again. The Art of French Pastry, full of gorgeous photography and Pfeiffer's accompanying illustrations, is a master class in pastry from a master teacher.

A Thematic Approach to French Cultural Studies Sep 23 2020 A Thematic Approach to French Cultural Studies: Love, Sex and Desire in French Literature and Cinema introduces a selection of major literary texts and film adaptations to students at the intermediate college and university level. The goal of this book is to provide a theme-based approach for teaching French Cultural Studies by enabling undergraduate students to contextualise and to think conceptually about French culture and its place in the Western culture and tradition. One of the most noteworthy aspects of this book is that it includes a collection of effective hands-on activities, multimedia resources and teaching suggestions which will stimulate students to develop their cultural and literary competency. The text-based method is designed to encourage close reading of three representative novels in English translation and foster an independent approach to formulating problems and arguments related to specific cultural norms and patterns.

A Middle French Vowing Poem Jan 16 2020 Published in 1992, this text discusses Les Voeux du Heron, a short text, comprising only 442 lines that was popular in the late Middle Ages but is virtually unknown today. This book includes an English translation, as well as a reconstruction of Manuscript U, published in its entirety for the first time.

Papers Relating to the Foreign Relations of the United States Nov 06 2021

French Women Poets of Nine Centuries Mar 10 2022 "Original texts and translations are presented on facing pages, allowing readers to appreciate the vigor and variety of the French and the fidelity of the English versions. Divided into three chronological sections spanning the Middle Ages through the sixteenth century, the seventeenth and eighteenth centuries, and the

nineteenth and twentieth centuries, the volume includes introductory essays by noted scholars of each era's poetry along with biographical sketches and bibliographical references for each poet."--BOOK JACKET.

Paths to Contemporary French Literature Jun 01 2021 Although the great French novelists of the last two centuries are widely read in America, there is a widespread notion that little of importance has happened in French literature since the heyday of Sartre, Camus, and the nouveau roman. Some might argue that even well read Americans are ignorant about what is happening in European literature generally. Certainly, there has never been so few translations of foreign books in the United States, or so little coverage of foreign writers. Curious American readers need new, up-to-date information and analyses about what is happening elsewhere. Paths to Contemporary French Literature is a stimulating and much-needed guide to the major currents of one of the world's great literatures. This critical panorama of contemporary French literature introduces English-language readers to over fifty important writers and poets, many of whom are still little known outside of France. Emphasizing authors who are admired by their peers (as opposed to those with overnight reputations), John Taylor offers a compelling insider's view. The pioneering essays included in this book offer incisive analyses of the ideas motivating current writing and delve into a writer's or poet's entire output. Although some names may be familiar (Marguerite Duras, HUIPne Cixous, Philippe Jaccottet, Henri Michaux), the reader obtains fresh reappraisals of their seminal work. Especially noteworthy, however, are Taylor's lively introductions to many other key writers who either have not yet crossed the English Channel, let alone the Atlantic. Combating the notion that French literature is overtly intellectual, inaccessible, or interested only in formal experimentation, Taylor shows that many French writers are instead acutely inquisitive about the outside world, shrewd observers of reality, even very funny. Although not conceived as a reference book, the volume possesses some qualities of a reference work: a good bibliography, reliable dates and biographical facts. Paths to Contemporary French Literature will be of interest to students of French literature and culture, literary scholars, and readers of contemporary fiction and poetry.

The French Canadians of Michigan Sep 04 2021 The first major study of the migration of French Canadians to Michigan during the nineteenth century and their substantial impact on the state's development.

The Adventure of French Philosophy May 20 2020 The Adventure of French Philosophy is essential reading for anyone interested in what Badiou calls the French Moment in contemporary thought. Badiou explores the exceptionally rich and varied world of French philosophy in a number of groundbreaking essays, published here for the first time in English or in a revised translation. Included are the often-quoted review of Louis Althusser's canonical works For Marx and Reading Capital and the scathing critique of "potato fascism" in Gilles Deleuze and Félix Guattari's A Thousand Plateaus. There are also talks on Michel Foucault and Jean-Luc Nancy, and reviews of the work of Jean-François Lyotard and Barbara Cassin, notable points of interest on an expansive tour of modern French thought. Guided by a small set of fundamental questions concerning the nature of being, the event, the subject, and truth, Badiou pushes to an extreme the polemical force of his thinking. Against the formless continuum of life, he posits the need for radical discontinuity; against the false modesty of finitude, he pleads for the mathematical infinity of everyday situations; against the various returns to Kant, he argues for the persistence of the Hegelian dialectic; and against the lure of ultraleftism, his texts from the 1970s vindicate the role of Maoism as a driving force behind the communist Idea.

French Music in the Early Sixteenth Century Jan 08 2022 A description, reconstruction and discussion of the repertory of an exceptional musical source, the French manuscript made at Lyons c. 1520-1525 as the private collection of a music copyist. The book contains 280 compositions, sacred and secular, from the period 1450-1524 with Loyset, Compère, Alexander Agricola, Antoine de Févin, Claudin de Sermisy and Clément Janequin as the prominent composers. Besides discussing the many-faceted repertory, the book studies the circulation of music in the early sixteenth century and the relationships between popular songs and courtly chansons and between provincial music and the music of the musical centres. -- The manuscript has been in the Royal Library of Copenhagen since 1921. This is the first comprehensive study of it.

Tradition and Innovation in French Garden Art Mar 30 2021 Papers from a symposium held at the University of Pennsylvania.

The French in the United States Dec 07 2021 Contemporary French immigrants have a high degree of integration into American society in terms of socio-demographic features and behavior patterns. While the foreign-born generation maintains a French identity beneath the surface, acculturation seems inevitable in later generations, due to a variety of social and attitudinal factors. Lindenfeld examines these factors, shedding light on a population that has, until now, remained fairly invisible.

Crystal Fount and Rechabite Recorder Oct 05 2021

Group Identities on French and British Television Dec 27 2020 Advances in audiovisual technology, most notably the advent of the popular usage of digital technology in the last few years, have altered the face of popular television. Thanks to cable, satellite and now digital technology, television broadcasts can reach an international audience. The reaction from cultural critics has been mixed. As the debate concerning the effects of new telecommunications and audiovisual technology continues unabated, this book examines the underlying hypothesis that collective allegiances are moving away from the national paradigm towards the global/local model and provides a balanced appraisal of the depiction of a select number of group identities on television in Britain and France.
